

NECA Government Affairs Operational Fund

NECA is your voice on Capitol Hill. For more than 100 years, NECA has worked to advance legislation and regulatory policies that impact your opportunity and ability to operate efficiently, profitably and in the best interest of your electrical construction customers.

Sponsorships, online campaigns, and coalition memberships are proven effective tactics in sharing NECA's message with legislators. But they all come at a price. While the valuable dues NECA contractors contribute to support the vast majority of our operations, our work in Washington, DC has grown beyond expectations. In the last few years, new workforce rules, apprenticeship expansion, pension reform, tax issues, energy policy, trade issues and infrastructure investment has challenged NECA like never before. Thus, government affairs is working on your behalf like never before. Your support to the NECA Government Affairs Operational Fund is critical and will help protect and grow your company and your employees.

The Operational Fund differs substantially from NECAPAC.
